

This route takes you from the lush alpine landscape of the Kullu valley over 5 high mountain passes through one of the most awesome terrains in the world. Your first night is spent in the district capital of Lahaul- Spiti - Keylong where you get to experience the vast barren region dotted with re-forested areas. The next day you reach the vast plains of Sarchu - where you stay at a comfortable tented camp. Here experience the vast region of the Changthang Plains that extend into the high mountain plateaus of Tibet. This region consists of some of the most endangered wild life species in the world comprising of the Snow Leopard, the Tibetan Wild Ass (locally known as Kyungshu), the Churu a wild sheep noted for its fine wool and the Ibex.
